VIDEO GAME AND PYTHON PROGRAMMATION WORKSHOP
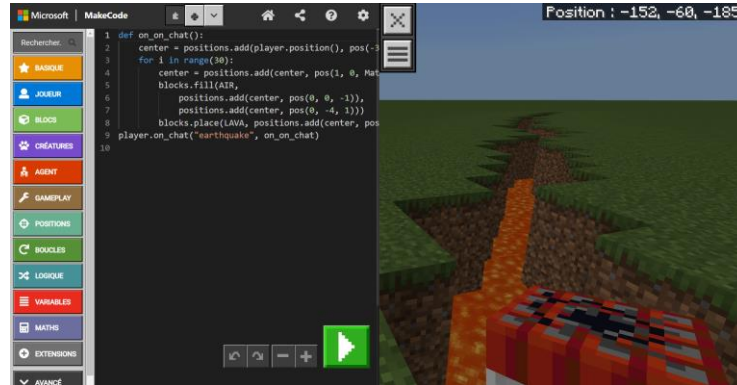

Club

Time: **Every Monday from 12:30 à until 1:30pm**

Description:

A journey into the world of programming through Minecraft. In this club we will create unique programmes such as auto-generated TNT, mini-games and sand storms. These fun projects will introduce the basics of Python in a Minecraft environment and enable participants to develop new skills.

Activities

• Handling software   • Learning the Python programming language

• Creating multi-player games   • Personal project development

• 3D space creations (using the coordinates X, Y, Z)

In order to ensure the maximum fun and learning for all participants, this group will be limited to 15 students.

Attendance at this club will not be mentioned in the school report, but a certificate of attendance will be given to each participant at the end of the school year.

✂--

On condition of minimum 10 participants and possible modifications at the start of the school year.
