

# ADVANCED ENGLISH CLASS FOR ENGLISH SPEAKERS

9<sup>ème</sup> Harmos (6<sup>ème</sup>) to 3<sup>ème</sup>

This class takes place on **Tuesday from 4pm to 5pm and/or Wednesday from 1.05pm to 13.55pm\*** for students from 7P Harmos to 3<sup>ème</sup> (Year 5 in the UK system, 4<sup>th</sup> grade in USA to Year 10 UK, 9<sup>th</sup> grade USA). These classes take place during private study time, there is no homework or exams and therefore they do not increase the students' workload. They are included in the general school fees.

The objectives of this course are to deepen general knowledge at the same time as improving vocabulary, and English-speaking culture and literature, through projects that are fun and enriching, often decided by the students themselves.

The reading, written work and other activities planned during this lesson may also be done during the EFL (English as a Foreign Language) class depending on the work done in this class, meaning there will be no extra work to finish at home.

Advanced English speakers will therefore have between three and five hours of English a week, depending on their level and needs. They may also register for advanced classes on Friday afternoon, especially to prepare for Cambridge language exams.

The students who choose this option must agree to attend the class until the end of the school year; they will receive an attestation of the work and progress accomplished.

Mrs Harris, English teacher is available at [rachael.harris@lycee-topffer.ch](mailto:rachael.harris@lycee-topffer.ch) should you have any queries concerning these classes.

\*Times may be modified at the start of the school year.
