

FRENCH AS A FOREIGN LANGUAGE (F.L.E.)

From 8P Harmos to 3ème French system
(CM2-3ème France, Year 6-10 UK, 5th-9th USA).

The Rodolphe Töpffer lycée offers three hours of French lessons for non-native speakers (with two hours on Wednesday and one hour on Friday).

These lessons are taught by native speaking French teachers and are divided into three groups. From A1 to B2 the groups are created according to the language level of the students.

Small groups enable the students to progress quickly in both written and oral language. All areas of the French language are addressed: verb forms, vocabulary, grammar, phonetics, writing, spelling, reading and comprehension, newspaper articles, conversation, as well as French and Swiss civilisation and culture.

The results from this class are incorporated in the student's report as well as other subjects and students will receive a certificate of level at the end of the school year.
